Phone: +91-9705731498, +91-9782325393

## Education

B.Tech.

2014 — 2018

**IIT Hyderabad**

Engineering Science => CGPA - 7.55,  
Minor in Entrepreneurship => CGPA - 9

## Summary

I am a passionate Developer, Techy Geek and an Explorer. Interested in Product Management. Worked on projects related to React.js, node.js, Android, GoLang, data analysis, Machine Learning etc. Also worked as Manager for Elan & Nvision IIT Hyderabad (cultural and technical fest of IIT Hyderabad) and E-Cell (Entrepreneurship Cell) IIT Hyderabad. I like to explore and try out various things and so in turn learn a lot of things.

## Work experience (Tech)

**Aerospike**

1st May 2017 — 30th June 2017

**Software Engineering Intern** (Guide - Sunil Sayyaparaju, Director - Product & Technology And Khosrow Afroozeh, Technical Lead)

- Developed AMC-Agent, a distributed monitoring service developed in **Go Language**..
- Developed core framework to stream any data from the individual nodes to a central server based on commands.
- Implemented commands to stream log files or extracted content based on specific filters.
- Implemented capability to query for content in a given time range across multiple split log files.

**Carrot ID**

December 2015 — March 2016

**Developer** (Guide - Adi Vemuru, Founder CarrotID & The August Fest)

- Made a website with Dynamic front-end using React and Redux.
- Followed Agile Development Process

**DYDE**

September 2015 — November 2015

**Android App and website front end developer** (Guide - Parth Shrivastava, Co-Founder DYDE & Companyon)

- Made a static website using bootstrap.
- Made front end of Android app using XML and Java in Android Studio. Used various layouts and views.

## Work experience (Non-Tech)

**E-Cell IIT Hyderabad**

April 2016 — April 2017

**Manager**

- **Co-Founded and Organised Megathon** which is India's largest and first ever student run **Hackathon** in association with E-Cell, IIT Hyderabad with more than 500 participants.
- Leading the startup culture at IIT Hyderabad. I conducted various events, workshops, interactive games and speaker sessions for inspiring and assisting young entrepreneurs in their journey in the world of business.

**Elan & Nvision 2017 IIT Hyderabad**

April 2016 — April 2017

**Manager**

- Conducted the best fest IIT-H has ever seen with triple the budget and famous personalities performing on stage.
- Led a team of 25 Coordinators and around 100 volunteers.
- Took care of Sponsorship and Workshops Deals, Finances, Hospitality and Infrastructure.
- Took care of Fest Management and ensured smooth running of the Fest.

**Nvision 2016**

June 2015 — April 2016

**Marketing Co-ordinator**

- Talked and convinced various companies to sponsor our fest.
- Led a team of 10 volunteers and trained them.
- Took care of the requirements of our sponsors for various publicity like online publicity and ground publicity.
- Coordinated with other coordinators and managers for managing the event according to the requirements of our sponsors.

**Hunger Torrent**

August 2015 — October 2015

**Co-Founder**

- Co-Founded Hunger torrent as food delivery service which was operational at IIT Hyderabad for 2 months.

- Learned about Idea validation, execution of idea and much more.

## Projects

---

- **IDENTIFY FRAUD FROM ENRON EMAIL** (<https://github.com/mudit1403/Machine-Learning-Python>) -Identifying Enron Employees who may have committed fraud based on the public Enron financial and email dataset.  
 Key Concepts Demonstrated -
  1. ML Algorithms - naive\_bayes, decision tree, svm
  2. Regression
  3. k means
  4. feature selection
  5. pca, etc.
- **Titanic Data Analysis** (<https://github.com/mudit1403/Titanic-Machine-Learning>) - Looking at socio-economic status, gender, and age, predict who's and who's not survive the Titanic using Python & Random Forests.  
 Key Concepts Demonstrated -
  1. Numpy, Pandas
  2. Random Forest Using Sklearn
  3. Data Cleaning
- **Meteor Starter Kit** (<https://github.com/mudit1403/Zen>) - Made a meteor - react - react router starter kit and for the demo of that starter kit i made login and registration page using that kit.  
 Key Concepts Demonstrated -
  - React with Meteor
  - Basic routing with React Router
  - Routes requiring authentication
  - Working with reactive data
- **Tweet Analysis(under the guidance of Prof. Maunendra Sankar Desarkar)** - Worked on a Machine Learning Classification problem to classify news channel tweets into various categories.
- **Detecting Sub-Events associated with the main event (under the guidance of Prof. Srijith pk)** (<https://github.com/mudit1403/Twitter-Sub-Event>).  
 Made a multi-terraine bot which can work both as a car and a helicopter.  
 Made a 3-D model of play house in solid edge and 3-D printed it.

## Skills

---

- **Languages** - Golang, C, C++, Python, Java, Javascript, Fortran
- **WebBased Languages** - HTML, CSS, JS
- Database Management, PostgreSQL, MongoDB
- Rest API, GraphQL
- **Frameworks and Libraries** - React.js, Reflux, Redux, Meteor, Node.js, Hapi, Express
- **Android App Development** - XML, Java, React Native
- Machine Learning, Data Analysis
- Data Structures
- Solid Edge
- MATLAB, Octave
- Marketing
- Git

## Interests

---

My interests include

- Learning new things and gaining new experiences.
- Entrepreneurship.
- Developing new things.
- Product Management

## Relevant Courses Done until 6th Sem

---

- Computer Networks
- Database Management Systems
- Applied Machine Learning
- Operating Systems
- Algorithms
- Automata Theory and Theory of Computation
- Data Structures

## Relevant Online Courses Done

---

- Programming Languages - Udacity
- Intro to Machine Learning, Intro to Data Analysis - Udacity
- Android Development for Beginners, Developing Android Apps - Udacity
- Intro to Descriptive Statistics, Intro to Inferential Statistics - Udacity
- Machine Learning (Stanford University) - Coursera
- Server-side Development with NodeJs (The Hong Kong University of Science and Technology) - Coursera
- Introduction to Software Product Management (University of Alberta) - Coursera

## Volunteering

---

**The August Fest** - Worked as social media volunteer.

**nss** - worked as a volunteer for teaching activities, cloth donation etc. for social cause.
